

# Public First Poll for Onward 2

**Fieldwork:** 6th Apr - 7th Apr 2022  
**Interview method:** Online Survey  
**Population represented:** UK Adults  
**Sample size:** 2008

## **Methodology:**

All results are weighted using Iterative Proportional Fitting, or 'Raking'. The results are weighted by interlocking age & gender, region and social grade to Nationally Representative Proportions

Public First is a member of the BPC and abides by its rules. For more information please contact the Public First Polling Team ([polling@publicfirst.co.uk](mailto:polling@publicfirst.co.uk))

**List of Tables**

1	Which do you think are the most important issues facing the country at this time?Please tick up to three . . . . .	3
2	Which of the following challenges facing the world do you think are the most serious?Please select up to three . . . . .	6
3	The Government has announced plans to achieve Net Zero in the UK by 2050. Prior to taking this poll, had you heard of this plan? . . . . .	9
4	The Net Zero target is a target to reach zero greenhouse gas emissions in the UK, balancing any carbon emissions that are produced with carbon reducing measures, in order to reduce the risks from climate change.Do you support or oppose the UK plan to reach Net Zero by 2050? . . . . .	12
5	Which of the following comes closest to your view: . . . . .	15
6	What are the biggest advantages of the UK moving to Net Zero carbon emissions, if any?Select up to three of the following . . . . .	18
7	How seriously do you take the issue of climate change? . . . . .	21
8	How likely or unlikely do you think the following impacts on energy in the UK are, as a result of the conflict and these restrictions on imports:: The cost of gas in the UK will go up as a result of the conflict in Ukraine . . . . .	24
9	How likely or unlikely do you think the following impacts on energy in the UK are, as a result of the conflict and these restrictions on imports:: The cost of electricity in the UK will go up as a result of the conflict in Ukraine . . . . .	27
10	How likely or unlikely do you think the following impacts on energy in the UK are, as a result of the conflict and these restrictions on imports:: There will be more power shortages in the UK, with houses losing power and lights going out, as a result of the conflict in Ukraine . . . . .	30
11	Some have suggested that, because Russia supplies oil and gas to the UK which are needed to generate power for homes and businesses , the conflict means that the UK’s energy supply is now less “secure”.Do you agree or disagree that the conflict in Ukraine means that the UK’s energy supply is less secure? . . . . .	33
12	Which of the following, if any, do you think would be the most effective ways for the UK to make its energy supply more secure?Select as many as apply	36
13	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: Offshore wind . . . . .	39
14	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: Onshore wind . . . . .	42
15	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: Nuclear energy . . . . .	45
16	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: “Fracking” - the extraction of gas from rock underground by high intensity drilling . . . . .	48
17	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: Solar farms . . . . .	51
18	Would you support or oppose the UK investing in and building the following sources of energy, to reduce the reliance on imported energy from Russia?: Coal mines . . . . .	54
19	And, would you support or oppose the following being built in your local area?: A wind farm . . . . .	57
20	And, would you support or oppose the following being built in your local area?: A nuclear power station . . . . .	60
21	And, would you support or oppose the following being built in your local area?: A “fracking” drill / rig . . . . .	63
22	And, would you support or oppose the following being built in your local area?: Solar farm . . . . .	66
23	And, would you support or oppose the following being built in your local area?: Coal mine . . . . .	69
24	Which of the following comes closest to your view? . . . . .	72
25	Which of the following comes closest to your view? . . . . .	75

26 You said that you would vote Conservative if there was a general election. If the Conservatives stated before the next election that they wanted to get rid of the UK’s Net Zero target of 2050 as it was too expensive, how would this impact your likelihood to vote for them? . . . . . 78

27 If there was a general election in which the Conservative party ran with a promise to remove the UK’s target to reach Net Zero by 2050, how do you think you would vote? . . . . . 81

(1.A) Which do you think are the most important issues facing the country at this time? Please tick up to three

Data weighted by interlocking age & gender, region and social grade to Nationally Representative Proportions

(11.B) Some have suggested that, because Russia supplies oil and gas to the UK which are needed to generate power for homes and businesses, the conflict means that the UK's energy supply is now less "secure". Do you agree or disagree that the conflict in Ukraine means that the UK's energy supply is less secure?
